SUMMARY

I completed my degree in Commerce in 2020. While my academic background is in commerce, my passion lies in web development. I have self-learned web development skills and am now equipped with the tools to pursue a career in this field. I am eager to contribute my full potential to a company and grow alongside it.

MY PROJECTS

Apple Website Clone

- Created an Apple website clone using React.js, JavaScript, and GSAP for functionality.
- Used Tailwind CSS for styling.
- Implemented lazy loading for performance optimization.
- Integrated Sentry to monitor website performance.
- Used Three.js for the Apple phone's 3D model.
